## Education

### Odisha University of Technology and Research (CET Bhubaneswar)

B.Tech in Computer Science and Engineering | 2023 - 2027 | CGPA: 9.26

## Experience

### Member @ Zairza Technical Club

Sept 2023 - PRESENT

#### *Frontend Developer*

- I am an active member of Zairza, where I contribute to multiple development projects, gain hands-on experience with diverse technologies, and enhance my problem-solving and collaborative skills through real-world applications.

## Projects

### IBM Skills Build

June 2024 - Aug 2024

#### *Sustainable Marketplace*

*ReactJS, Bootstrap, CSS*

- Developed Prakriti, an online platform showcasing 50+ eco-friendly, handcrafted home decor products, connecting 20+ artisans with conscious consumers. Promoted traditional craftsmanship and sustainable living through a scalable, user-friendly interface, driving increased visibility and sales for local artisans.

### SnipSave

Nov 2024 - Nov 2024

#### *MERN Stack Web Application*

*ReactJS, NodeJS, ExpressJS, MongoDB*

- Built a full-stack code snippet manager (MERN stack) serving 100+ users, supporting secure snippet creation, editing, sharing, search, and sorting. Implemented JWT-based authentication, syntax highlighting via Prism.js, and followed MVC architecture with OWASP security guidelines. Planned upcoming features include real-time collaboration, usage analytics, and offline access.

- Contributed to the frontend of this project.

### Zairzest 4.0

Nov 2024 - Nov 2024

#### *Annual Tech Fest Platform (OUTR)*

*ReactJS, Tailwind CSS*

Contributed as a Front-end Developer for Zairzest 4.0, handling 600+ registrations across 11 events. Developed a robust MERN stack application with features like unique ZenID generation for participants, high traffic handling with zero downtime, and a fully responsive user interface.

### Maadhyam

April 2025 - April 2025

#### *Donation Platform (Paid Collaboration)*

*ReactJS, TailwindCSS, MongoDB, NodeJS*

- Developed and deployed a full-stack donation platform connecting donors and recipients within 48 hours. Integrated multi-role system, full CRUD operations, real-time notifications, advanced search & filtering across 50+ listings, interactive dashboards, secure JWT-based authentication, fully responsive UI, role-based access control, and real-time data synchronization for seamless user experience.

## Skills

### Languages:

C, C++, Python, SQL, Javascript,

### Technologies & Tools:

HTML5, CSS, UI/UX, Bootstrap/TailwindCSS, ReactJS, NextJS, NodeJS, ExpressJS, MongoDB
